

DISCOVERY

ABOVE AND BEYOND

LAND ROVER DISCOVERY NEW FEATURES FOR 2014

EXTERIOR DESIGN CHANGES

There are exciting changes to the exterior including a new grille design, new mirrors with enhanced features, new alloy wheel designs and badging. There is also the introduction of new headlamps with a striking LED signature design and Day Time Running Lights.

POWERTRAIN

Our engines have been improved to feature enhanced powertrains with 8-speed automatic transmission and the Drive Select rotary shifter.

ELECTRICAL FEATURE ENHANCEMENTS

Brand new additions to aid manoeuvrability and enhance safety include Blind Spot Monitoring with Closing Vehicle Sensing and Reverse Traffic Detection, T-Junction camera and Wade Sensing. T-Junction camera is an innovative new feature which adds increased functionality to the Surround Camera System to warn of approaching traffic when waiting to pull out of a junction. Furthermore, 2014 sees the introduction of the Meridian™ audio systems with two options available including the premium audio system - Meridian Surround Sound.

SINGLE AND TWIN-SPEED TRANSFER BOX

The single-speed transfer box provides refined on-road driving whilst still supporting full towing ability and impressive off road capability. The twin-speed transfer box introduces additional low range gears for even higher levels of capability.

SPECIFICATION

Page 30

The Land Rover Discovery has undergone a transformation. Its new design cues are bolder and more distinguished than ever. That's why Discovery is always in its element, whether it's crossing town or taking everyone way beyond the city limits for the weekend.

The design of Discovery has been accentuated by the use of jewel-like front lights. This striking new styling gives the vehicle a more contemporary look. While at the rear, the split tailgate has been designed for maximum reach and flexibility to make loading awkward objects easier.

Escape the daily grind. With three different engines to choose from, Discovery measures up to the most demanding criteria, with improved fuel economy and exceptional power and performance.

Heading away from the city towards the great outdoors should be a pleasure. That's why Discovery features advanced technology to help the driver feel more connected to the road and deliver an engaged and responsive drive. Now, getting there can be as enjoyable as being there.

Stadium seating gives everybody unspoiled views, with head, leg and shoulder room that are among the best in class and full-size seats for up to seven adults. These are just some of the benefits of Discovery's bold design and upright side profile.

And with a range of infotainment and technologies to choose from, everyone will be entertained, relaxed and comfortable.

What Discovery gains in practicality and space, it doesn't compromise in comfort and attention to detail. Its tactile interior is a contemporary and beautifully crafted environment. The seats come in a choice of options including Windsor leather which include electrically adjusted bolsters that give the driver even greater support. Double-stitching on the fascia top is an indication of the high-quality finish throughout the vehicle.

Land Rover has always had capability at its heart and Terrain Response® proves it. This proprietary technology acts as an off-road expert enabling the driver to tackle almost every surface with confidence.

At the touch of a switch, Terrain Response® reconfigures Discovery's engine, transmission, throttle and traction settings for optimum drive-ability.

So whether travelling over tarmac, grass, gravel or snow, mud and ruts, sand or rocks, the vehicle takes to it with consummate ease.

With exceptional ground clearance and short front and rear overhangs, Discovery is cleverly proportioned. Together with impressive torque and delivery of power, these attributes help ensure that the vehicle is eminently capable and highly manoeuvrable on the most demanding terrain.

As a vehicle enters a steep gradient, there is a moment when the feeling of sudden acceleration can occur, which is why Gradient Acceleration Control has been incorporated into Discovery's standard Hill Descent Control technology. This feature helps reduce the feeling of increased speed and smoothes out the overall effect to make descent feel more assured.

The odd expanse of water shouldn't affect a drive. Chances are it won't in Discovery. Using sensors in the door mirrors when the vehicle is wading, it alerts the driver if the water is too deep. It provides real-time pictorial information, including the maximum wading capability, and is particularly useful in the dark or at night.

For over 65 years, Land Rover has become renowned for many innovations, one of which is the legendary Command Driving Position. From here, the driver gets an unparalleled view of the road ahead and greater all round visibility. Hazards can be spotted earlier, parking is made easier and as all the key controls come readily to hand, it can help to reduce stress and fatigue.

With five digital cameras mounted around the vehicle, the Surround Camera System provides a near 360° view. This greatly aids low-speed manoeuvrability in such situations as parking. By customising the number of images the camera relays to the Touch-screen, other functions can be utilised. All Round Vision, Junction View, Rear View, Tow Assist and Tow Hitch Assist are included in this advanced system.

Discovery goes further. Its capability is born from the first Land Rover and is renowned across the city, across country and across the globe. Its contemporary design is purposeful, its drive connected and assured. Add class-leading versatility with seven full-size adult seats and the picture is complete.

SPECIFICATION

Discovery offers an exclusive range of options that allow you to personalise your vehicle. The following pages take you through a logical series of steps to create your ideal Discovery. You have several choices: from selecting your engine and model to exterior and interior colours before choosing your wheels, finishes and additional options.

If you'd like to bring your options to life, go to our online configurator at landrover.com

Step 1

Choose your engine

Page 32

You can select from an improved and powerful range of petrol or diesel engines.

Step 2

Choose your model

Page 34

Compare the standard features on each model.

Step 3

Choose your colour

Page 38

There's a wide range on offer to enable you to express yourself.

Step 4

Choose your wheels

Page 42

There's a range of styles, each one designed to complement the bold exterior.

Step 5

Choose your interior

Page 44

Carefully selected colours complemented by a range of finishes. You can personalise your own interior space.

Key Features

Page 58

The latest innovations that make your vehicle a pleasure to drive.

Technical Details

Technical information and data for dimensions, performance and specifications.

Accessories

Page 64

A range of stylish and practical accessories. You can tailor your vehicle to your specific needs.

STEP 1 CHOOSE YOUR ENGINE

DRIVELINE, ENGINE PERFORMANCE AND FUEL ECONOMY

The range of engines feature enhanced powertrains. Diesel variants will see improvements including reduced CO₂ emissions and greater fuel economy. Our new petrol 3.0L V6 Supercharged engine is coupled with 8-speed automatic transmission that delivers an impressive 250kW (340PS) power output with torque of 450Nm.

3.0L TDV6 DIESEL AUTOMATIC

3.0L SDV6 DIESEL AUTOMATIC

3.0L V6 SUPERCHARGED PETROL AUTOMATIC

		3.0L TDV6 DIESEL AUTOMATIC	3.0L SDV6 DIESEL AUTOMATIC	3.0L V6 SUPERCHARGED PETROL AUTOMATIC
Driveline		Four Wheel Drive (4WD)	Four Wheel Drive (4WD)	Four Wheel Drive (4WD)
Power (kW / PS)		155 / 211	183 / 249	250 / 340
Torque (Nm)		520	600	450

STEP 2 CHOOSE YOUR MODEL – CHOICES

Each model has a choice of engines and distinctive features. This guide will help you to select your ideal Discovery. On the following pages you'll see the standard features for each model.

DISCOVERY S

- Grille in Brunel with Gloss Black surround
- Fender vents in Brunel
- Black door handles
- Black moulded rear bumper
- Black grained wheel arches
- Dark Techno Grey tow eye cover
- Halogen headlamps with daytime running lights (DRL)
- 19 inch ten-spoke 'Style 103' alloy wheels.

DISCOVERY SE

- Grille in Brunel with Gloss Black surround
- Fender vents in Brunel
- Oberon door handles
- Body coloured wheel arches and rear bumper
- Dark Techno Grey tow eye cover
- Halogen headlamps with daytime running lights (DRL) and headlamp powerwash
- Front fog lamps
- 19 inch seven-spoke 'Style 703' alloy wheels.

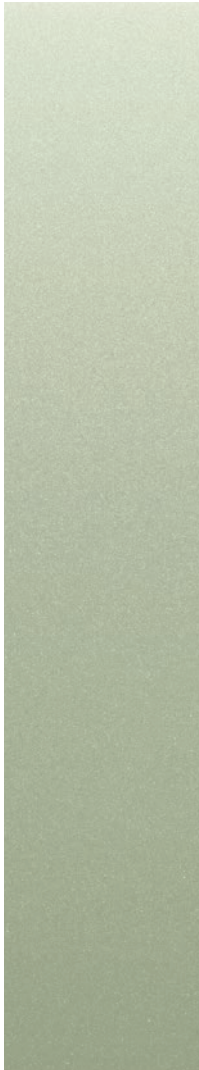

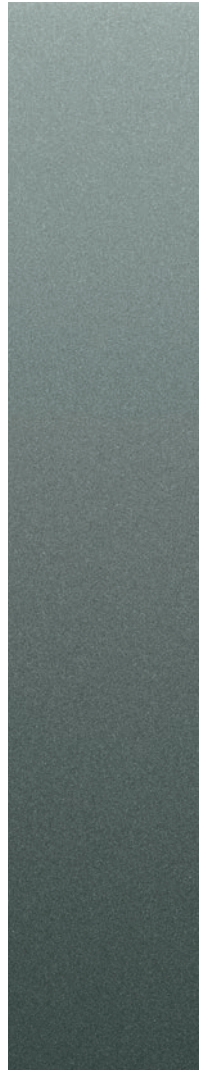

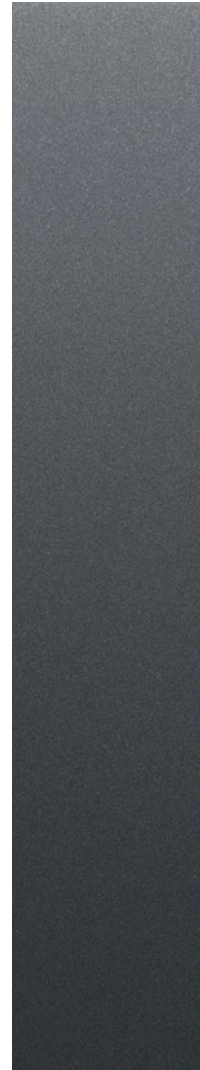

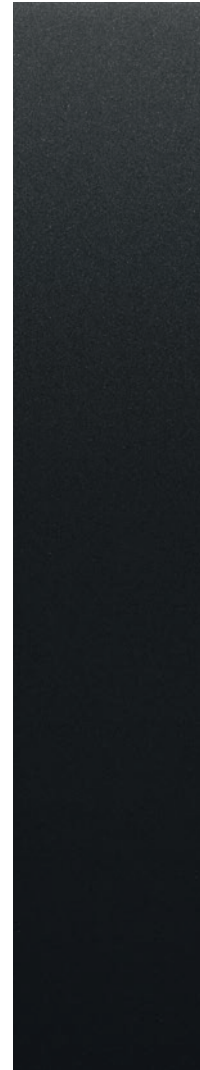

DISCOVERY HSE

- Grille in Bright Atlas with Gloss Black surround
- Fender vents in Bright Atlas
- Body coloured door handles
- Body coloured wheel arches and rear bumper
- White Silver tow eye cover
- Xenon headlamps with LED signature and daytime running lights (DRL) and headlamp powerwash
- Front fog lamps
- 19 inch seven split-spoke 'Style 704' alloy wheels.

STEP 3 CHOOSE YOUR COLOUR

Body Colour

Barolo Black*
(Premium Metallic)

*Not available with Exterior Black Design Pack.

STEP 3 CHOOSE YOUR COLOUR – BLACK DESIGN PACK

Personalising the exterior

The optional Black Design Pack has its own special character. The exterior sports full length Satin Black roof rails and Narvik Black mirror caps and door handles. The Gloss Black grille with bright insert, black fog lamp bezels, black 'DISCOVERY' bonnet and tailgate badging with no engine or derivative badge add to the design to give the vehicle a more contemporary feel. A moulded Anthracite tow eye cover, privacy glass and a choice of 19 inch seven split-spoke Black alloy wheels or 20 inch five-spoke Black alloy wheels complete the look.

Grille in Narvik Black

Fender vents in Narvik Black

19 inch seven split-spoke Black alloy wheel 'Style 702'

20 inch five-spoke Black alloy wheel 'Style 510'

*Available as an accessory fitment

Please note: When choosing vehicles fitted with specific wheel and tyre combinations or optional wheels and tyres, your intended use of the vehicle should be considered. Wheels with larger diameters and lower profile tyres may offer certain styling or driving benefits, but may be more vulnerable to damage. Please discuss your requirements with your Land Rover Dealer. For further details on tyre efficiency as required by EU legislation please speak to your Land Rover Dealer.

STEP 5 CHOOSE YOUR INTERIOR – FINISHES

Beautiful materials, flawless execution

The levels of craftsmanship and finish in Discovery are without compromise. Sophisticated colourways and a choice of cloth or fine leathers help create your ideal space. Whichever you choose, it will be an exemplary expression of your tastes.

CLOTH
Available on S and SE

GRAINED LEATHER
Available on S, SE and HSE

WINDSOR LEATHER
Available on HSE

STEP 5 CHOOSE YOUR INTERIOR – TRIM FINISHER CHOICES

It's those final touches that can make the overall effect even more appealing. That's why there's a choice of finishers available including Meteor, Cosmic Grey, Straight Grained Walnut, Grand Ivory Lacquer and Grand Black Lacquer. These apply to each of the four doors and down through the central area of the fascia.

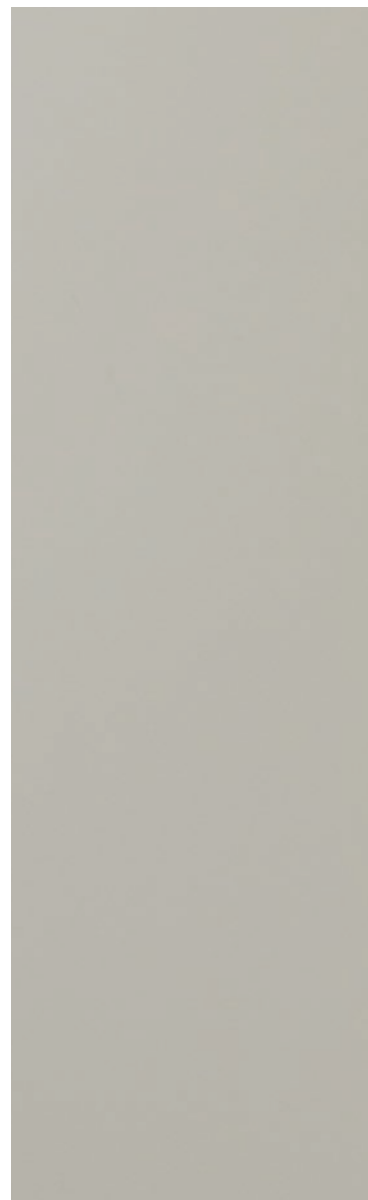

METEOR

COSMIC GREY

STRAIGHT GRAINED WALNUT

GRAND IVORY LACQUER

GRAND BLACK LACQUER

STEP 5 CHOOSE YOUR INTERIOR – INTERIOR SEAT OPTIONS

60:40 five-seats

The standard 60:40 five-seat option features two rows with three comfortable seating positions and full size headrests.

35:30:35 five-seats

For convenience and flexibility an optional three-way 35:30:35 five-seat configuration allows for numerous folding combinations, including the ability to fold and store the second row completely flat.

Within all seating configurations all row two outboard seats feature ISOFIX child seat anchorage points. The flexible seating configurations are demonstrated on page 52.

Seven-seats

With seven full size adult seats, this optional configuration includes the 35:30:35 seat formation allowing for improved access into the third row seats and numerous folding combinations, including the ability to fold and store the second row completely flat.

STEP 5 CHOOSE YOUR INTERIOR – INTERIOR SEAT OPTIONS

With the capability to transport the driver, six passengers and their luggage with ease, Discovery is every vehicle you'll ever need. The flexible, versatile layout provides a configuration to suit almost every conceivable use – especially as the second and third rows* can be folded independently of each other.

MONDAY: AIRPORT

TUESDAY: BAND PRACTICE

WEDNESDAY: SCHOOL BUS

THURSDAY: RUGBY PRACTICE

FRIDAY: NIGHT OUT AT THE THEATRE

IT'S THE WEEKEND...

STEP 5 CHOOSE YOUR INTERIOR – COLOUR AND TRIM MATRIX

You can now use this section to place your chosen colourway within the vehicle to personalise your cabin.
A choice of trim finishers are also available.

*Interior shown with optional rear seat entertainment headrests.

**Extended Leather Pack available as an option on HSE derivatives.

Extended Leather Pack

Windsor Leather instrument binnacle

Windsor Leather door tops and fascia available in Arabica or Ebony

KEY FEATURES

Automatic headlamps with High Beam Assist and adaptive Xenon headlamps with LED signature

Detect vehicle headlamps/tail lights and dip the high beam until the light source is out of range. The system is able to distinguish between automotive and non-automotive light sources.

Signature LED lights combine practicality with distinctive design. For more relaxed night-time driving Adaptive Lighting varies the light cast ahead of the vehicle so that the beams follow the curve of the road.

Air Suspension

Four-corner independent air suspension features variable ride height and electronic cross-linking for a constant level ride height irrespective of load distribution. Ride height can be raised up to 125mm to clear obstacles or lowered by 50mm for easy access and loading.

Split Tailgate

Make light work of difficult loads with Discovery's two-piece, asymmetric tailgate design. Both upper and lower tailgates are made from resilient lightweight aluminium. The tailgate gives impressive access to the rear of the vehicle and comes into its own when loading large, bulky or heavy objects. The asymmetric portion of the lower tailgate provides a reduced reach-in distance when open and a lower load height when closed.

Steering Wheel Controls

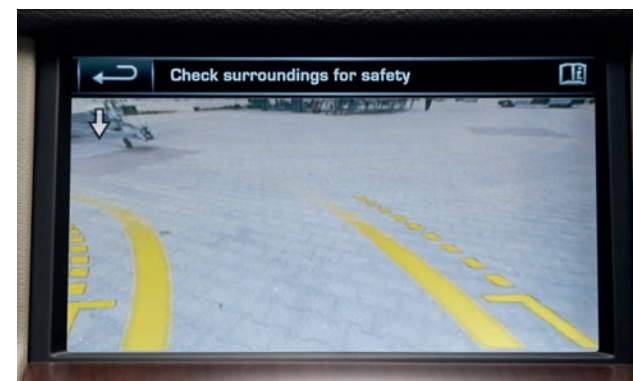

The steering wheel with ergonomically designed switch layout for driver information and remote audio controls. Cruise control, telephone and heated steering wheel controls are optional depending on the vehicle derivative.

Terrain Response® System and Gradient Release Control

The Terrain Response® System optimises the vehicle set-up for virtually all on-road or off-road driving situations, with five different settings to suit different terrains such as tarmac, grass, gravel or snow, mud and ruts, sand or rocks.*

Gradient Release Control is a patented Land Rover system that works with Hill Descent Control (HDC®) across terrains such as rock, gravel and sand for more controlled, confident descents. Works in reverse and first gear.

Parking Aid† / Rear View Camera† / Surround Camera System with the new T-Junction Camera†

The Rear View Camera provides a rearward view from the full colour Touch-screen and works in conjunction with the rear parking aid.

The Surround Camera System comprises five digital cameras to provide a near 360 degree view surrounding the vehicle to aid low-speed manoeuvring via the full colour Touch-screen. Can be customised to provide a single camera view or multiple images. Functions include: Parking Aid – Rear View Camera, All Round Vision, Junction View. Also includes Tow Assist and Tow Hitch Assist.

*Rock Crawl not available with single speed transfer gearbox.

†Optional.

Visit landrover.com for more information.

KEY FEATURES

Hard Disk Drive Navigation*

With prompt access speed, graphics and display, the Hard Disk Drive Navigation System stores up to 40GB of data. Navigation mapping can be upgraded via a Land Rover Dealer download.

Additional features available on HDD-equipped vehicles are DVD Audio and MP3 DVD playback and Virtual CD Auto Changer which saves up to ten albums (in uncompressed format) to the HDD and provides track information for easy identification of CDs and tracks.

Full Colour Touch-screen

Provides full control and functionality over integrated systems such as navigation, audio, entertainment systems, camera systems, 4x4 information and vehicle settings.

In Car Entertainment

The Meridian™ Audio System delivers superb acoustics and is noted for its excellent reproduction quality from all sources – radio, CD, iPod or USB. The optional Meridian Surround Sound System features 17 speakers including a subwoofer for full surround sound.

Rear Seat Entertainment*

The Rear Seat Entertainment package ensures passengers can always be engaged. With two eight-inch screens built into the front headrests, a pair of WhiteFire® digital headphones and a dedicated remote control, passengers can feel truly at home with their choice of film, TV or music.

Compact Smart Key - Keyless entry/Push Button Start

Once the vehicle has been accessed using the remote transmitter, the device may be stored in a pocket or bag to allow starting without its use. The optional Keyless Entry system provides even greater convenience. When within close proximity of the vehicle along with the remote Compact Smart Key, simply open the door, get in and push the Start button.

The Portable Audio Interface

Allows the connection to the in-car entertainment system of an iPod with full track and search integration. An MP3 player or a mass storage device can also be connected via the USB port.

*Optional on some derivatives

**Only available with diesel engines

iPod® is a trademark of Apple Inc., registered in the U.S. and other countries.

Sunroof with Alpine Roof

Even the rearmost passengers enjoy a glass roof in Discovery with the optional Sunroof with Alpine roof. The sunroof tilts and slides electronically and the combined reflective properties of the glass panel and interior sunblinds keep everyone cool and the cabin light and airy.

Timed Climate**

Optional, including Park Heat. Provides pre-heat to the engine with residual heat channelled into the cabin. It can also provide ambient venting to supply fresh outside air to the cabin, for example when the vehicle has been parked in the sun. Timed Climate allows the system to be programmed up to seven days in advance via the Touch-screen. A separate remote control is also available.

Wade Sensing™

Using sensors in the door mirrors when the vehicle is wading, it alerts the driver if the water is too deep. The feature is particularly useful when visibility is poor or when driving at night. This feature provides real-time pictorial wading information including the depth of the water in relation to the vehicle, as well as maximum wading capability of the vehicle.

Blind-spot Monitor/Closing Vehicle Sensing

Using sensors mounted behind the rear bumper, these systems are designed to see what you might miss. When a vehicle enters a blind spot, a warning light will show in the corresponding door mirror.

Closing Vehicle Sensing scans a zone much further behind the vehicle, to help detect vehicles which are closing quickly from behind and which could cause a threat during a lane change manoeuvre.

Reverse Traffic Detection

Using radar detectors in the rear of the vehicle the system is designed to warn you about potential collisions during reversing manoeuvres. The system can help detect a vehicle approaching from either side. When a target vehicle with a credible 'time to collision' is detected (a collision within three seconds or less), the system alerts the driver. Three warnings are given: an indicator lights up in the corresponding door mirror, an audible alert is sounded and a warning symbol is displayed on the camera screen.

DIMENSIONS AND CAPABILITIES

Wheelbase 2,885mm

Front wheel track 1,605mm

Rear wheel track 1,612.5mm

Obstacle Clearance

Off-road height up to 310mm
Standard ride height up to 185mm

Standard Ride Height

With Alpine Glass Roof (not open): 1,882mm
With Fixed Roof: 1,887mm
With Roof Rails: 1,891mm
With Alpine Glass Roof (open): 1,920mm
With DAB Radio Antennae: 1,938mm
With Roof Rails and Crossbar fitted: 1,980mm
Access height setting will reduce each of the above by 50mm.

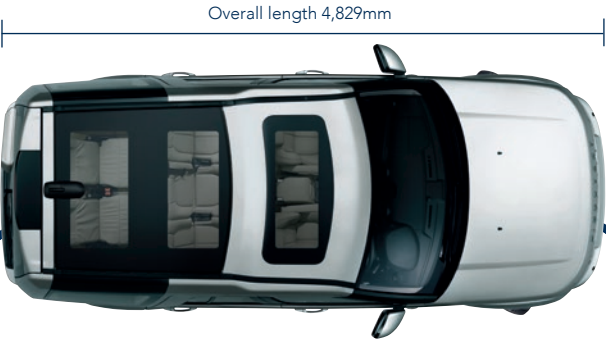

Loadspace Capacity

ACCESSORIES

Discovery is so capable and adaptable it can get straight to work across a huge variety of vastly differing terrains, conditions and roles. Even so, some owners want to add their own stamp of individuality by tailoring their Discovery to their specific needs with a range of stylish, practical accessories that are tough, versatile and bring an opportunity for personalisation to Discovery. Importantly, these accessories can be added at any stage during the vehicle's life – not just when it's new. Naturally, Land Rover Approved Accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

ACCESSORIES

Raised Air Intake
VPLAP0018

Ideal for dusty conditions, this raised air intake secures to the vehicle's 'A' post and also utilises the existing air intake vent fixings. Additional parts are required for 3.0L TDV6 and 3.0L SDV6 models:

Hose LR013711
Elbow PHD000714

Underbody Protection
VPLAP0189

Underbody Protection (winch version)
VPLAP0188 (not shown)

Electric Winch
VPLAP0130

4,300kg/9,500lb maximum load capacity. Includes cover for protection when not in use. Plug-in remote control helps provide safe operation from up to 3.6 metres.

Winch Accessory Kit
STC53202 (not shown)

Includes strap, snatch block, two shackles, heavy duty gloves and a storage bag.

Driving Lamp Kit
VPLAV0019

High performance halogen driving lamps supplied with covers. Additional mounting brackets required; Driving Lamp Mounting Brackets VPLAV0098*.

Front Mudflaps
CAS500010PCL

Rear Mudflaps
VPLAP0017

ACCESSORIES

Full Length Roof Rail Kit
Bright Finish* – VPLAR0075
Black Finish* – VPLAR0074 (not shown)

Cross Bars – Bright Silver Finish
VPLAR0001

Adjustable position crossbars, for carrying all Land Rover roof mounted accessories featured. Easily removed when not in use. Lockable for security. Maximum payload 71.8kg/158.3lbs[†]. Vehicle must have factory-fit roof rails or Roof Rail Kit fitted.

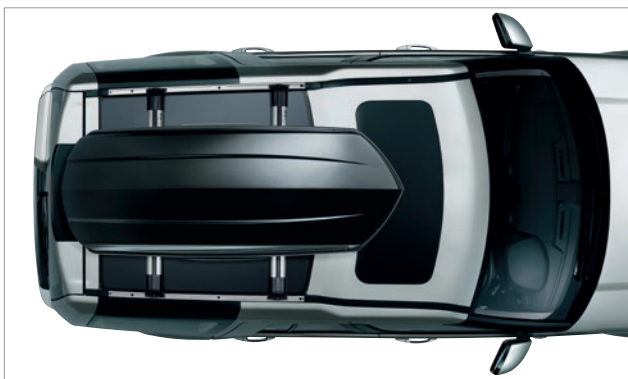

Expedition Roof Rack*
CAB500021PMA

Vehicle must be fitted with a Black Finish or Bright Finish Short Roof Rail Kit CAB500120PVJ (not shown)/CAP500090.
Vehicle height when fitted 2,100mm/83 inches at normal ride height.
Maximum payload 54.3kg/120lbs[†].

Aqua Sports Carrier*
VPLGR0107

Carries one surfboard or sailboard and mast, or one canoe or kayak. Includes lockable multi-purpose holder to carry a mast, oars or paddles. Tilts to facilitate easy loading and unloading. Maximum payload 45kg/99lbs[†].

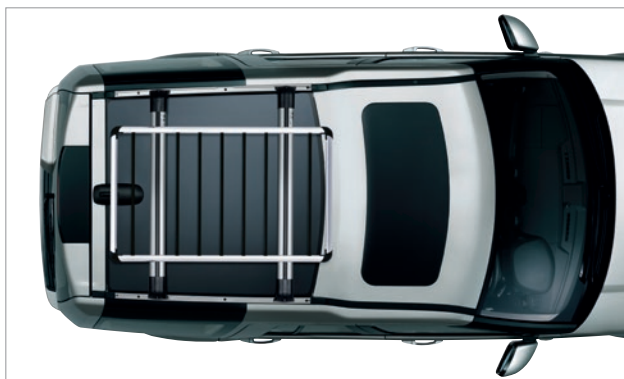

Sports Box*
VPLVR0061

Luggage Box*
VPLVR0062 (not shown)

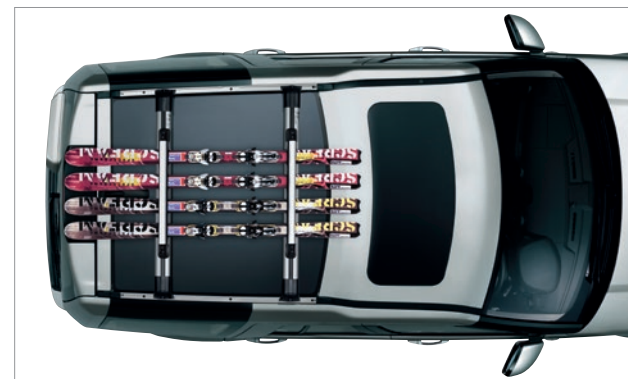

Large Roof Box*
VPLWR0100 (not shown)

Available in a range of sizes, all versions can be mounted either side for kerbside opening in any country and include integral locks for security and peace of mind. Carrying capacity ranges from 320 litres with the Sports Box to the 410 litre Luggage Box or the capacious 430 litre Large Sports Box. Maximum payload 75kg/165lbs.

Luggage Carrier*
LR006848

Maximum payload 62.6kg/138lbs[†].

Ski/Snowboard Holder*
LR006849

Carries four pairs of skis or two snowboards. Incorporates slider rails for easy loading. Lockable for security. Maximum payload 36kg/79lbs[†].

*Roof Rails and Crossbars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted.

[†]Maximum payload equals the load capacity of the roof mounted accessory.

Gearshift Paddles

IMPORTANT NOTICE: Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and dealers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

All Land Rover Approved Accessories fitted by a Land Rover Dealer within one month or 1,600 kilometres/1,000 miles (which ever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to a 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover Dealer who will be pleased to advise you on current specifications and any query you may have.

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Land Rover Dealer.
