

DISCOVERY

ABOVE & BEYOND

ABOVE & BEYOND

Ever since the first Land Rover was conceived in 1947, we have built vehicles that challenge what is possible. These in turn have challenged their owners to explore new territories and conquer difficult terrains. Our vehicles epitomise the values of the designers and engineers who have created them. Each one instilled with iconic British design cues, delivering capability with composure. Which is how we continue to break new ground, defy conventions and encourage each other to go further. Land Rover truly enables you to make more of your world, to go above and beyond.

The Discovery is widely
recognised as the world's most
versatile and capable SUV.

SPECIFICATION

The Land Rover Discovery's design has constantly evolved during its life and that is why Discovery is always in its element, whether it's crossing town or taking everyone way beyond the city limits for the weekend.

The design of Discovery is accentuated by the use of jewel-like front lights giving the vehicle a contemporary look. While at the rear, the split tailgate has been designed for maximum reach and flexibility to make loading awkward objects easier.

Escape the daily grind. With three different engines to choose from, Discovery delivers in the most demanding criteria, including fuel economy, power and performance. Heading away from the city towards the great outdoors should be a pleasure. That's why Discovery features advanced technology to help the driver feel more connected to the road and deliver an engaged and responsive drive. Now, getting there can be as enjoyable as being there.

Stadium seating gives everybody unspoiled views, with head, leg and shoulder room that are among the best in class and full-size seats for up to seven adults. These are just some of the benefits of Discovery's bold design and upright side profile. And with a range of infotainment and technologies to choose from, everyone will be entertained, relaxed and comfortable.

The Discovery is complemented by a sophisticated and contemporary interior that customers will find exemplary – no matter which model they choose.

DOMINIC CHAMBERS
GLOBAL COMMUNICATIONS DIRECTOR – LAND ROVER

What Discovery gains in practicality and space, it doesn't compromise in comfort and attention to detail. Its tactile interior is a contemporary and beautifully crafted environment. The seats are available in a variety of materials such as Windsor leather, which include electrically adjusted bolsters that give the driver even greater support. Double-stitching on the facia top is just one indication of the high-quality finish throughout the vehicle.

Land Rover has always had capability at its heart and Terrain Response® proves it. This proprietary technology acts as an off-road expert enabling the driver to tackle almost every surface with confidence.

As one of the world's most premium, capable and versatile SUVs, the Discovery is the perfect vehicle for people who enjoy living an active lifestyle to the full.

ROBIN COLGAN

GLOBAL BRAND DIRECTOR – LAND ROVER

At the touch of a switch, Terrain Response® reconfigures Discovery's engine, transmission, throttle and traction settings for optimum drive-ability. So whether travelling over tarmac, grass, gravel or snow, mud and ruts, sand or rocks, the vehicle takes to it with consummate ease.

With exceptional ground clearance and short front and rear overhangs, Discovery is cleverly proportioned. Together with impressive torque and delivery of power, these attributes help ensure that the vehicle is eminently capable and highly manoeuvrable on the most demanding terrain.

As a vehicle enters a steep gradient, there is a moment when the feeling of sudden acceleration can occur, which is why Gradient Acceleration Control has been incorporated into Discovery's standard Hill Descent Control technology. This feature helps reduce the feeling of increased speed and smoothes out the overall effect to make descent feel more assured.

For over 65 years, Land Rover has become renowned for many innovations, one of which is the legendary Command Driving Position. From here, the driver gets an unparalleled view of the road ahead and greater all round visibility. Hazards can be spotted earlier, parking is made easier and as all the key controls come readily to hand, it can help to reduce stress and fatigue.

The odd expanse of water shouldn't affect a drive. Chances are it won't in Discovery. Using sensors in the door mirrors when the vehicle is wading, the optional Wade Sensing™ system alerts the driver if the water is too deep. It provides real-time pictorial information, including the maximum wading capability, and is particularly useful in the dark or at night.

With five digital cameras mounted around the vehicle, the optional Surround Camera System provides a near 360° view. This greatly aids low-speed manoeuvrability in such situations as parking. By customising the number of images the camera relays to the Touch-screen, other functions can be utilised. All Round Vision, Junction View, Rear View, Tow Assist and Tow Hitch Assist are included in this advanced system.

Discovery goes further. Its capability is born from the first Land Rover and is renowned across the city, across country and across the globe. Its contemporary design is purposeful, its drive connected and assured. Add class-leading versatility with seven full-size adult seats and the picture is complete.

Automatic headlamps with High Beam Assist and Adaptive Xenon headlamps with LED signature

Detect vehicle headlamps/tail lights and dips the high beam until the light source is out of range. The system is able to distinguish between automotive and non-automotive light sources.

Signature LED lights combine practicality with distinctive design. For more relaxed night-time driving adaptive lighting varies the light cast ahead of the vehicle so that the beams follow the curve of the road.

Air Suspension

Four-corner independent air suspension features variable ride height and electronic cross-linking for a constant level ride height irrespective of load distribution. Ride height can be raised up to 125mm to clear obstacles or lowered by 50mm for easy access and loading.

Split Tailgate

Make light work of difficult loads with Discovery's two-piece, asymmetric tailgate design. Both upper and lower tailgates are made from resilient lightweight aluminium. The tailgate gives impressive access to the rear of the vehicle and comes into its own when loading large, bulky or heavy objects. The asymmetric portion of the lower tailgate provides a reduced reach-in distance when open and a lower load height when closed.

Adaptive Cruise Control*

The Adaptive Cruise Control (ACC) with Forward Alert system uses radar to scan the road ten times a second. ACC will dynamically match the speed of the vehicle in front of you, settling down behind it and maintaining a constant speed with one of four cruise gap distances set by your preference. Forward Alert will give an audio and visual alarm when you are closing in on a vehicle.

Terrain Response® System and Gradient Release Control

The Terrain Response® System optimises the vehicle set-up for virtually all on-road or off-road driving situations, with five different settings to suit different terrains such as tarmac, grass, gravel or snow, mud and ruts, sand or rocks.**

Gradient Release Control is a patented Land Rover system that works with Hill Descent Control (HDC®) across terrains such as rock, gravel and sand for more controlled, confident descents. Works in reverse and first gear.

Parking Aid* / Rear View Camera* / Surround Camera System with T-Junction Camera*

The rear view camera provides a rearward view from the full colour Touch-screen and works in conjunction with the rear parking aid.

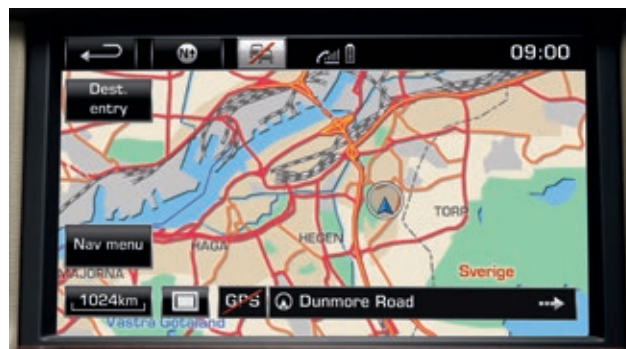

The surround camera system comprises five digital cameras to provide a near 360° view surrounding the vehicle to aid low-speed manoeuvring via the full colour Touch-screen. Can be customised to provide a single camera view or multiple images. Functions include: Parking aid with rear view camera, All Round Vision, Junction View. Also includes Tow Assist and Tow Hitch Assist.

*Optional on some models **Rock Crawl not available with single speed transfer gearbox.

Full Colour Touch-screen

Provides full control and functionality over integrated systems such as navigation, audio, entertainment systems, camera systems, 4x4 information and vehicle settings.

Hard Disk Drive Navigation*

With prompt access speed, graphics and display, the Hard Disk Drive Navigation System (HDD) stores up to 40GB of data. Navigation mapping can be upgraded via a Land Rover Dealer download.

Additional features available on HDD-equipped vehicles are DVD Audio and MP3 DVD playback and Virtual CD Auto Changer which saves up to ten albums (in uncompressed format) to the HDD and provides track information for easy identification of CDs and tracks.

In Car Entertainment

The Meridian™ Audio System delivers superb acoustics and is noted for its excellent reproduction quality from all sources – radio, CD, iPod® or USB. The optional Meridian Surround Sound System features 17 speakers including a subwoofer for full surround sound.

Rear Seat Entertainment*

The Rear Seat Entertainment package ensures passengers can always be engaged. With two eight-inch screens built into the front headrests, a pair of WhiteFire® digital headphones and a dedicated remote control, passengers can feel truly at home with their choice of film, TV or music.

Compact Smart Key - Keyless Entry*/Push Button Start

Once the vehicle has been accessed using the remote transmitter, the device may be stored in a pocket or bag to allow starting without its use. The optional Keyless Entry system provides even greater convenience. When within close proximity of the vehicle along with the remote Compact Smart Key, simply open the door, get in and push the Start button.

The Portable Audio Interface

Allows the connection to the in-car entertainment system of an iPod with full track and search integration. An MP3 player or a mass storage device can also be connected via the USB port.

*Optional on some models **Available on Diesel derivatives only.

Sunroof with Alpine Roof*

Even the rearmost passengers enjoy a glass roof in Discovery with the optional sunroof with Alpine roof. The sunroof tilts and slides electronically and the combined reflective properties of the glass panel and interior sunblinds keep everyone cool and the cabin light and airy.

Timed Climate**

Optional, including Park Heat. Provides pre-heat to the engine with residual heat channelled into the cabin. It can also provide ambient venting to supply fresh outside air to the cabin, for example when the vehicle has been parked in the sun. Timed Climate allows the system to be programmed up to seven days in advance via the Touch-screen. A separate remote control is also available.

Wade Sensing™*

Using sensors in the door mirrors when the vehicle is wading, it alerts the driver if the water is too deep. The feature is particularly useful when visibility is poor or when driving at night. This feature provides real-time pictorial wading information including the depth of the water in relation to the vehicle, as well as maximum wading capability of the vehicle.

Blind-spot Monitor/Closing Vehicle Sensing*

Using sensors mounted behind the rear bumper, these systems are designed to see what you might miss. When a vehicle enters a blind spot, a warning light will show in the corresponding door mirror.

Closing Vehicle Sensing scans a zone much further behind the vehicle, to help detect vehicles which are closing quickly from behind and which could cause a threat during a lane change manoeuvre.

Reverse Traffic Detection*

Using radar detectors in the rear of the vehicle, the system is designed to warn you about potential collisions during reversing manoeuvres. The system can help detect a vehicle approaching from either side. When a target vehicle with a credible 'time to collision' is detected (a collision within three seconds or less), the system alerts the driver. Three warnings are given: an indicator lights up in the corresponding door mirror, an audible alert is sounded and a warning symbol is displayed on the camera screen.

Discovery offers an exclusive range of options that allow you to personalise your vehicle.

The following pages take you through a logical series of steps to create your ideal Discovery. You have several choices: from selecting your engine and model to exterior and interior colours before choosing your wheels, finishes and additional options.

If you'd like to bring your options to life, go to our online configurator at landrover.com

Each model has a choice of engines and distinctive features.

This guide will help you to select your ideal Discovery. On the following pages you'll see the standard features for each model.

DISCOVERY S

- Grille bars in Brunel with Gloss Black surround
- Side fender vents in Brunel
- Black door handles
- Black moulded rear bumper
- Black grained wheel arches
- Dark Techno Grey tow eye cover
- Halogen headlamps with daytime running lights (DRL)
- 19 inch ten-spoke 'Style 103' alloy wheels.

DISCOVERY SE

- Grille bars in Brunel with Gloss Black surround
- Side fender vents in Brunel
- Oberon door handles
- Body coloured wheel arches and rear bumper
- Dark Techno Grey tow eye cover
- Halogen headlamps with daytime running lights (DRL) and headlamp powerwash jets
- Front fog lamps
- 19 inch seven-spoke 'Style 703' alloy wheels.

DISCOVERY HSE

- Grille bars in Bright Atlas with Gloss Black surround
- Side fender vents in Bright Atlas
- Body coloured door handles
- Body coloured wheel arches and rear bumper
- White Silver tow eye cover
- Xenon headlamps with LED signature and daytime running lights (DRL) and headlamp powerwash jets
- Front fog lamps
- 19 inch seven split-spoke 'Style 704' alloy wheels.

BLACK DESIGN PACK

Personalising the exterior

The optional Black Design Pack has its own special character. The exterior sports full length Satin Black roof rails and Narvik Black mirror caps and door handles. The Narvik Black grille with bright insert, Black fog lamp bezels, Black 'DISCOVERY' bonnet and tailgate badging with no engine or derivative badge add to the design to give the vehicle a more contemporary feel. A moulded Anthracite tow eye cover, privacy glass and a choice of 19 inch seven split-spoke Black alloy wheels* or 20 inch five split-spoke Black alloy wheels complete the look.

CLOTH
Available on S and SE

GRAINED LEATHER*
Available on S, SE and HSE

WINDSOR LEATHER
Available on HSE

Beautiful materials, flawless execution

The levels of craftsmanship and finish in Discovery are without compromise. Sophisticated colourways and a choice of cloth or fine leathers help create your ideal space. Whichever you choose, it will be an exemplary expression of your tastes.

*Image shows optional electric seat and armrest pack.

TRIM FINISHER CHOICES

It's those final touches that can make the overall effect even more appealing. That's why there's a choice of finishers available including Meteor, Cosmic Grey*, Straight Grained Walnut, Grand Ivory Lacquer and Grand Black Lacquer. These apply to each of the four doors and down through the central area of the fascia.

METEOR

COSMIC GREY*

STRAIGHT GRAINED WALNUT

GRAND BLACK LACQUER

*Available until November 2015. Please contact your nearest Land Rover Retailer for more information.

INTERIOR SEATS OPTIONS

60:40 five-seats

The standard 60:40 five-seat option features two rows with three comfortable seating positions and full size headrests.

35:30:35 five-seats

For convenience and flexibility an optional three-way 35:30:35 five-seat configuration allows for numerous folding combinations, including the ability to fold and store the second row completely flat.

Within all seating configurations all row two outboard seats feature ISOFIX child seat anchorage points. The flexible seating configurations are demonstrated on page 60.

Seven-seats

With seven full size adult seats, this optional configuration includes the 35:30:35 seat formation allowing for improved access into the third row seats and numerous folding combinations, including the ability to fold and store the second row completely flat.

INTERIOR SEATS OPTIONS

With the capability to transport the driver, six passengers and their luggage with ease, Discovery is every vehicle you'll ever need.

The flexible, versatile layout provides a configuration to suit almost every conceivable use – especially as the second and third rows* can be folded independently of each other.

MONDAY: AIRPORT

THURSDAY: RUGBY PRACTICE

*Where fitted.

LAND ROVER APPROVED ACCESSORIES

Discovery is so capable and adaptable it can get straight to work across a huge variety of vastly differing terrains, conditions and roles. Even so, some owners want to add their own stamp of individuality by tailoring their Discovery to their specific needs with a range of stylish, practical accessories that are tough, versatile and bring an opportunity for personalisation to Discovery. Importantly, these accessories can be added at any stage during the vehicle's life – not just when it's new. Naturally, Land Rover Approved Accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

Side Tubes, Stainless Steel*
VTD500020

Side Tubes, Black Steel*
VTD500010 (not shown)

Manufactured from stainless steel with a highly polished or black finish.
The rugged off-road appearance complements the vehicle's exterior design.

Fixed Side Steps*
VPLAP0035

The side steps aid entry and exit into the vehicle and improve access to the roof.
Design features include bright stainless steel edge trim and a rubber tread mat.

Body Side Mouldings with Bright Insert
VPLAP0013

Body Side Mouldings without Bright Insert
VPLAP0012 (not shown)

Providing protection for your door panels from accidental damage by adjacent vehicles.

Stainless Steel Trim Finisher Kit
VPLAB0044

Includes lower door trim finishers and a tailgate trim finisher.

Bright Finish Mirror Caps
VPLAB0132 – Upper

Raised Air Intake
VPLAP0018

Ideal for dusty conditions, this raised air intake secures to the vehicle's 'A' post and also utilises the existing air intake vent fixings.
Additional parts are required for 3.0L TDV6 and 3.0L SDV6 models:
Hose LR020025
Elbow PHD000714

*The fitting of Side Steps or Side Tubes may affect the off-road capability of the vehicle.

Driving Lamp Kit
VPLAV0019

High performance halogen driving lamps supplied with covers.
Additional mounting brackets required.*

Driving Lamp Mounting Brackets
Pair – Direct to bumper VPLAV0098 (not shown)

Front Screen Shade
VPLFY0068

Reflects the sun's rays and helps to keep the interior of your vehicle cool.

Stainless Steel Rear Bumper Treadplate
LR006874

Rear Access Ladder
AGP780020

Front Mudflaps
CAS00010PCL

Mudflaps to reduce spray and help protect paintwork.

Rear Mudflaps
VPLAP0017

Mudflaps to reduce spray and help protect paintwork.

*Not compatible with Electric Winch (VPLAP0130).

Underbody Protection
VPLAP0189

Underbody Protection (winch version)
VPLAP0188 (not shown)

Electric Winch
VPLAP0130

4,300kg maximum load capacity. Includes cover for protection when not in use. Plug-in remote control helps provide safe operation from up to 3,6 metres.

Winch Accessory Kit
STC53202 (not shown)

Includes strap, snatch block, two shackles, heavy duty gloves and a storage bag.

Styled Valve Caps
Land Rover – LR027560
Union Jack – LR027664
Black Jack – LR027666

Snow Traction System
VPLAW0080

Applicable to 235/70 R17, 255/60 R18, 255/55 R19, 255/50 R20 wheel and tyre sizes. Fit to front wheels only.

20 inch five split-spoke 'Style 510'
Diamond Turned with Gloss Black finish
Tyre specification: 250/50 ZR20
VPLAW0002*

20 inch ten-spoke 'Style 104'
Tyre Specification: 255/50 ZR20
VPLAW0003*

Please note: When choosing vehicles fitted with specific wheel and tyre combinations or optional wheels and tyres, your intended use of the vehicle should be considered. Wheels with larger diameters and lower profile tyres may offer certain styling or driving benefits, but may be more vulnerable to damage. Please discuss your requirements with your Land Rover Retailer. For further details on tyre efficiency as required by EU legislation please speak to your Land Rover Retailer.

Cargo Divider
EOH500040

Separates luggage space into two protected sections. Lockable outer gate on one side. Must be fitted with Cargo Barrier. Not compatible with standard Loadspace Cover.**

Cargo Barrier
VUB501170

Easily removed. Retains cargo according to ECE-17 regulation. Can be used with standard Loadspace Cover.**

Loadspace Liner Tray

EBF500010 Not compatible with Cargo Barrier
EBF500080 Compatible with Cargo Barrier and Cargo Divider

Loadspace Retention Net
VUB503130

Utilises loadspace tie-down points. Includes floor net and two ratchet straps. Strap length approximately two metres.

Flexible Loadspace Protector
VPLAS0015

Heavy duty fabric helps protect loadspace up to window height. Also covers loadspace floor with second row seats folded. Includes heavy duty gloves.

Loadspace Mat - Rubber
LR006401

Waterproof with retaining lip and hard wearing surface.

Rechargeable Torch
VPLAV0102

High power 300 Lumen rechargeable torch machined from solid aluminium with a black anodised finish. An integral charging dock in the loadspace ensures it is always charged and ready for action. Features maximum output with three further settings including a flashing mode. Land Rover branded.

*Accessory wheel, rim only. To order the Land Rover Centre Cap please quote part number LR023301. **Can be fitted with Loadspace Rubber Mat (LR006401) and Rigid Loadspace Protector (EBF500080).

Ski Bag
VPLGS0166

Carries up to two pairs of skis and poles up to 180cm long. Features removable shoulder straps.

iPad® Holder
VPLVS0165
iPad® 1 Holder
VPLVS0164

Compatible with 2nd, 3rd and 4th generation iPads®. Not compatible with iPad Air™ or iPad Mini™.

Seat Back Stowage
Premium – VPLVS0182

Standard – VPLVS0181 (not shown)

Manufactured from the finest materials with soft touch interior lining and magnetic button clasps, this convenient stowage system for the rear of the front seats provides multiple compartments for stowing small items.

Centre Armrest Cooler/Warmer Box
VPLVS0176

This convenient drink and food cabinet is ideal for use on long journeys and can also be used as a rear centre armrest. It features a leather trim to provide a premium finish in keeping with the Discovery interior.

Premium Carpet Mats
VPLAS0192SVB – Nutmeg
VPLAS0192PVJ – Ebony

Deep pile carpet with waterproof backing.

Rubber Floor Mats
VPLAS0253

Rubber Mats, Third Row
EAH500100PMA (not shown)

iPad® is a registered trademark of Apple Inc., registered in the US and other countries.

*Helps protect seats from mud, dirt and wear and tear. Machine washable. Includes headrest and armrest covers. Colours shown may differ from the actual product. Please note: All seat cover patterns and colours are periodically updated. **Roof rails and crossbars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted. †Maximum payload equals the load capacity of the roof mounted accessory.

Gearshift Paddles
Aluminium – VPLVS0187MMU
Aluminium Red – VPLVS0187CAY

Complete the look and feel of your steering wheel with these premium aluminium paddles. These Gearshift Paddles are machine polished, anodised and hand brushed to provide exceptional wear resistance with a premium finish.

Drive Select Rotary Shifter Upgrade
Red Finish – VPLVS0180
Silver Finish – VPLSS0142
Leather Drive Select Top Cover – VPLSS0143PVJ

Enhance the appearance of your vehicle's interior with this stylish Rotary Shifter and Leather Drive Select Top Cover.

Stainless Steel Sill Treadplates
EBN500041

To protect and enhance the appearance of the vehicle sills. Covers front and rear door sills.

VPLAS0134PVJ

Full Length Roof Rail Kit
Bright Finish** – VPLAR0075
Black Finish** – VPLAR0074 (not shown)

Cross Bars – Bright Silver Finish
VPLAR0001

Adjustable position crossbars, for carrying all Land Rover roof mounted accessories featured. Easily removed when not in use. Lockable for security. Maximum payload 71.8kg.[†] Vehicle must have factory-fit roof rails or Roof Rail Kit fitted.

Luggage Carrier**
LR006848

Maximum payload 62.6kg.[†]

Sports Box*
VPLVR0061

Luggage Box*
VPLVR0062 (not shown)

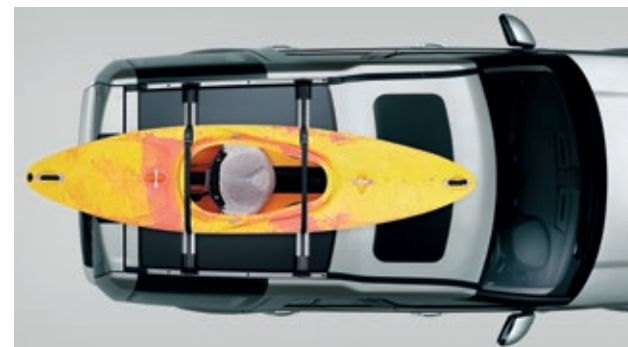

Large Roof Box*
VPLWR0100 (not shown)

Available in a range of sizes, all versions can be mounted either side for kerbside opening in any country and include integral locks for security and peace of mind. Carrying capacity ranges from 320 litres with the Sports Box to the 410 litre Luggage Box or the capacious 430 Litre Large Sports Box. Maximum payload 75kg.

Expedition Roof Rack*
CAB500021PMA

Vehicle must be fitted with a Black Finish or Bright Finish Short Roof Rail Kit CAB500120PVJ/CAP500090. Vehicle height when fitted 2,100mm at normal ride height. Maximum payload 54.3kg.**

Aqua Sports Carrier*
VPLGR0107

Aqua Sports Carrier – Two Kayaks* (not shown)
VPLWR0099

Aqua Sports Carrier transports one surfboard, sailboard, canoe or kayak. Includes lockable multi-purpose holder to carry a mast, oars or paddles. Tilts to facilitate easy loading/unloading. Maximum payload 45kg.**

The Aqua Sports Carrier – Two Kayaks transports up to two kayaks or canoes. Also suitable for transporting crafts such as surfboards or small boats.

Ski/Snowboard Holder*
LR006849

Carries four pairs of skis or two snowboards. Incorporates slider rails for easy loading. Lockable for security. Maximum payload 36kg.**

Universal Lift and Load System
VPLVR0096

This roof loading aid fixes to your garage roof and allows you to lift equipment on to the vehicle with ease. It can also be used for storing the roof box conveniently when removed from the vehicle.

Tow Bar Mounted Two Bike Carrier*
VPLVR0067

Three Bike Carrier
VPLVR0069 (not shown)

Fits to both Quick Release and Multi-Height tow bars. A trailer cannot be towed at the same time.

*Roof rails and crossbars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted. **Maximum payload equals the load capacity of the roof mounted accessory. *Lighting board sold separately (STC8153). When fitted to the vehicle it must not obstruct the registration plate and rear lights in any way.

Combination Tow Ball/Jaw Unit^{††}
LR008244

50mm tow ball and jaw combination for increased towing versatility. Fit only to 450mm from ground, tow position of Multi-Height tow bar.

Quick Release Tow Bar^{††}
LR040247

Lockable for security. Easily removed. 50mm tow ball, height 400mm from ground.

Quick Release Tow Bar Stowage
LR020002 (not shown)

Hidden loadspace stowage block. Seven-seat vehicles only.

Heavy Duty Multi-Height Tow Bar^{††}
LR043271

50mm tow ball. Three different towing heights. Lowest tow ball height 350mm from ground, highest tow ball height 500mm from ground.

'N' and 'S' Type Towing Electrics^Δ

VPLAT0135

Provides all trailer rear lighting and interior equipment power, where required. Supplied as a complete kit. Compatible with the Lighting Board (STC8153).

13 Pin Towing Electrics^Δ

VPLAT0136

European-style towing electrics capable of supplying all trailer rear lighting and interior equipment power. Not compatible with the Lighting Board.

Child Seat – Group 0+ (birth – 13kg) □

VPLFS0100

For babies 0-13kg (birth to approximately 12-15 months). Includes sun/wind canopy. Padded machine washable cover. Can be installed with the vehicle's three-point seat belt or the BABY-SAFE ISOFIX Base VPLMS0008.

Child Seat – Group I (9 – 18 kg) □

LR006637

For children 9-18kg (approximately 9 months - 4 years). One-pull, height adjustable headrest and harness. Padded machine washable cover. Forward facing on rear seat. ISOFIX system anchors the seat directly to the ISOFIX connection points.

Child Seat – Group I-II (15 – 36 kg) with booster cushion □

LR004940

For children 15-36kg (approximately 4-12 years). Seat belt guides correctly position seat belt. Three adjustable width positions. Improved side impact protection. Padded machine washable cover.

Child Seat – ISOFIX base □

VPLMS0008

Electric Cool Bag

VUP100140L

Powered by the 12 volt auxiliary socket. Thermostatically controlled temperature. Easy clean interior surface. Height 380mm, length 380mm, width 220mm. Volume 14 litres.

Cross Bar Lashing Eye Kit

VUB503160

Six additional tie-down points for use with Crossbar T-slots.

Bulb Kit

VPLAV0018

Fire Extinguisher

VPLAS0041

IMPORTANT NOTICE: Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

All Land Rover Approved Accessories fitted by a Land Rover Retailer within one month or 1,600 kilometres/1,000 miles (which ever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to a 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover Retailer who will be pleased to advise you on current specifications and any query you may have.

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Land Rover Retailer.

Castrol EDGE Professional exclusively recommended by Land Rover.
